

Training Methodology:

- 1. Lecture-cum-Discussions
- 2. Presentation of case Study
- 3. Group Discussion and presentations
- 4. Field Study and simulation
- 5. Audio-Visual Show
- 6. Question- answer sessions
- 7. Recapitulation, Feedback and evaluations.

Topics to be covered:

- 1. Conceptual Framework of Disaster Management
- 2. Disaster and vulnerability Profile of India
- 3. Disaster Preparedness Planning, Resilience and long-term mitigation
- 4. Application of Geo-Informatics in Disaster Management
- 5. Foundation Course curriculum on DRR
- 6. Regional Issues of Disaster Risk Reduction

Course Fee, accommodation and other arrangements:

There is no course fee for the programme. Lodging and Boarding will be provided to the participants at free of cost in the hostels and guesthouse of Central University of Rajasthan during the period of training programme. There is no grant from travel. Participants have to arrange from their own source.

Duration of the Programme:

Five (5) days residential training program. Attending all the sessions and other completing other evaluation formalities are mandatory to get the participation certificates.

Participants:

Faculty members from the University/ Institutes of Northern region (Rajasthan, Haryana, Himachal Pradesh, Uttarakhand, Punjab, Jammu, Kashmir, Ladhak), from any stream teaching the students of UG/PG.

Nominations:

The nominations will be invited from all the universities and institutes to join for the FDP. Once the nominations are received, the participants will be selected and informed to join for the FDP.

Number of participants: 40

The nomination for participation in the FDP to be sent in the following:

For Registration click on:

REGIONAL FACULTY DEVELOPMENT PROGRAMME (TOT) ON INSPIRING THE MINDS TOWARDS DISASTER RISK REDUCTION- SERIES 2

17-21 JANUARY 2023

Jointly Organized by
 Indian Universities and Institutions Network on
 Disaster Risk Reduction (IUINDRR-NIDM)
 National Institute of Disaster Management (NIDM)
 Ministry of Home Affairs, Govt. of India

and

Department of Social Work
 Central University of Rajasthan

Backdrop:

The National Institute of Disaster Management (NIDM) was constituted under an Act of Parliament with a vision to play the role of a premier institute for capacity development in India and the region. The efforts in this direction that began with the formation of the National Centre for Disaster Management (NCDM) in 1995 gained impetus with its redesignation as the National Institute of Disaster Management (NIDM) for training and capacity development. Under the Disaster Management Act 2005, NIDM has been assigned nodal responsibilities for human resource development, capacity building, training, research, documentation and policy advocacy in the field of disaster management.

The Indian Universities and Institutions Network on Disaster Risk Reduction (IUINDRR-NIDM) has been established by NIDM pursuant to Government of India directions and more specifically in conformity to the agenda-6 of the 10 point agenda for Disaster Risk Reduction (DRR) by the Honorable Prime Minister of India, Global issues on Climate Change Adaptation (CCA), Sendai Framework for Disaster Risk Reduction (2015-2030), and Sustainable Development Goals (SDG), for promoting education, innovative technology and research, facilitate capacity development, and contribute to decision-making for addressing local risks and the needs of the most vulnerable sections of community affected by various disasters.

IUINDRR-NIDM envisions in building nation and communities safe and resilient to disasters, through education, knowledge creation, research, technology and dissemination. The network also aims to exchange information among the universities and develop a pool of experts in the areas of disaster management. The Central University of Rajasthan (CURAJ) has been established by an Act of Parliament (Act No. 25 of 2009) as a new Central University, and is fully funded by the Government of India. The President of India, Her Excellency Smt. Droupadi Murmu, is the Visitor of the CURAJ. Eminent space scientist Dr K. Kasturirangan is the chancellor and Prof. Anand Bhalerao is the Vice Chancellor of the University. CURAJ is located in Ajmer district of Rajasthan.

In order to meet the challenges of the knowledge era and to keep pace with the knowledge explosion in Higher Education, the Central University of Rajasthan is committed to inculcating and sustaining quality in all the dimensions of Higher Education viz. teaching, learning, research, extension and governance while catering to the regional and global needs. CURAJ offers 50+ Masters and PhD programmes in its 32 Academic Departments, across 12 Schools. The University operates from its permanent campus of 550 (approx.) acres and it has adequate hostels housing nearly 3000 students in the campus. The CURAJ is front runner among the newly established Central Universities. CURAJ is also a member of the IUINDRR.

The Department of Social Work, Central University of Rajasthan is a prominent social work institutes among the new department of social work started after 2000. The Department of Social Work is actively involved in academic and field-based practices, since its establishment (2012). It strives to work towards participative, inclusive and sustainable development. Dept. believes in promoting maximum human potentials, skill development, equal opportunity, justice, respect for diversity and anti-discriminatory environment within the society. This residential Faculty Development Programme (FDP) is an important step towards the commitment of making India resilient through active academic engagements.

The essence of the FDP:

In order to act upon the direction led by the Hon'ble Prime Minister of India, NIDM took step forward under the India Universities and Institution Network (IUINDRR-NIDM) and formulated model curriculums on Disaster Risk Reduction and Management. For the first time, experts came up at one platform from across the country and in consultation of academia, model curriculums at UG & PG level have been developed. The objective of these curriculums to train students on the issues related to disaster management. The proposed model curriculums of Foundation Course on Disaster Risk Reduction which has included elements of disaster related issues to build the knowledge, skills and capacity of the young generation to achieve National objective of Ten-point agenda (on DRR) 6 of Hon'ble Prime Minister of India[1].

UGC also has sent notification to every university and college vide D.O No. 2-9/2022 (CPP-II), dated 24th February, 2022 to implement DRR courses in their curriculums. Hence, to build the capacity of academicians of Northern region on "Foundation Course Curriculum" which will be integrate in every stream of Higher Education, IUINDRR-NIDM proposing "Regional Capacity Development Programme on Disaster Risk Reduction". A series of such trainings will help develop a culture of more sensitive, accurate and holistic disaster preparedness. In the long run, this will help develop more resilient communities as the next generation will become better trained.

It is in the above context, in order to develop the capacity of academicians on Disaster Risk Reduction at regional platform, IUINDRR-NIDM, National Institute of Disaster Management, MHA, GOI in collaboration with Department of Social Work, Central University of Rajasthan is proposing 5 days offline Regional Faculty Development Programme (FDP) programme "Commitments and Priorities for action towards Disaster Risk Reduction". This residential full-time FDP will be organized in the Central University of Rajasthan.

The Objectives of the FDP:

1. To impart knowledge on various concepts of disaster, disaster management cycle, and disaster risk reduction.
2. To enhance the academician's understanding on Hazard, Vulnerability and Risk Analysis and capacity enhancement for resiliency building.
3. To strengthen positive attitude and commitments towards disaster management practices by adopting advance technology and sustainable development strategies
4. To ensure disaster response skills in assessment, analysis, intervention and evaluation in the Practice of reducing disaster risk.
5. To equip the academician on how to integrate Disaster Management curriculum to reduce the potential disaster risks and building disaster preparedness programmes among the community and institutions.
6. The trained faculty members will be able to impart the training for the foundation course on DRR.
